The month of June was a busy month and one of transition from spring into summer time. The end of the school year was busy with high school graduation, project graduation, DARE graduation and the annual DARE day at Camp Hinds in Raymond. I am pleased to report that all of these events went off successfully for the students, staff and the community. We are fortunate to have a Community Services Officer and SRO who provide services and such a positive impact on so many students each year. I would like to say a special thanks to Officer Brandon Ladd who went well beyond expectations in being a long term replacement in the position of SRO when Officer Fournier was on extend sick leave.

Again this year, we have partnered with the Gorham Police Department to reassign officers throughout the summer months to focus on drug related investigations in the two communities. Last years the program was very successful and we anticipate more success this year.

To help increase the department's capacity to respond to various high risk and emergency events, we have started the process to assign an officer to the Cumberland County Emergency Services Unit. This unit consists of officers throughout Cumberland County who receive special training, are specially equipped and must pass firearms and fitness standards to the highest standards. We anticipate having an officer assigned to this unit by summer's end.
