Barry Tibbetts
Town Manager
8 School Road
Windham Maine 04062

Dear Mr. Tibbetts

This letter is notice that MDOT Region 1 will be starting work on Narrows Bridge #2998 on Route 115 in Windham. Work will begin Monday July 26, 2021. The scope of work will include removing the east joint and replacing with a new armored joint and removing the west joint and replacing with a new APJ (asphaltic plug joint). To do this MDOT will need to place Jersey Barriers down the middle of the bridge to protect workers and the traveling public. Traffic will flow east from 302 onto route 115 for the duration of the project. West bound traffic would be detoured off Route 115 unto Route 202 and Route 4 back to Route 302 for the duration of the project. Weather permitting this Project is scheduled to take 3 weeks to complete. If a meeting is required to discuss any potential issues we could set up a zoom meeting prior to project kick-off. Please feel free to contact me with any questions or concerns. Sincerely

Donnie McKenna
